“Salvial – radiazioni pensiero” is an event with photos by Lorenzo de Nobili and electronic music composed by Gianmarco Caselli.

Salvial

The project “Salvial – radiazioni pensiero” is a project born in Berlin and developed between Berlin and Lucca in 2008, that derives its inspiration from the image of a tree: a main theme is worked from various angles: starting from the main theme we gradually move along to the intricacy of detail. Like the sap surging up through the main theme represented by the trunk, into the definition, or the branches, and finally arriving at fractal detail of the leaves.

Gianmarco Caselli

Born in 1975 in Lucca, has received important awards in international contemporary music competitions. Is teacher of Italian Literature and History in high schools and is working at Centro studi Giacomo Puccini. As composer is a member of Centro Musica Contemporanea di Milano.

Lorenzo De Nobili

Born in 1975 in Lucca, has received important
